Madison Reading and Learning Center

Mission

It is our mission to assist students academically through one-on-one tutoring. Our instruction is designed to meet individual needs and learning styles.

Services

Academic assessments and tutoring support services are available in reading, writing, spelling, math, supportive technology, study skills, and organizational skills.

We schedule around each individual's specific needs.

Consulting and referral services are also available.

Professional Staff

Our professional tutors are skilled educators with expertise and specialization in content areas. Our language arts tutors use explicit, systematic sequential multi-sensory phonics-based approaches. They draw from various research-based reading instruction programs which include:

- Orton-Gillingham
- Lindamood-Bell
- Project Read
- Wilson Reading Program
- Direct Instruction
- Barton Reading Program

Our math tutors are trained to work with students in the areas of:

- General Math
- Algebra
- Geometry
- Trigonometry
- Calculus
- Elementary Statistics
